Professional Counseling and Family Services

Who are We?

- **MISSION:** Woodland Centers, Inc. is a community behavioral health agency that provides comprehensive mental health and chemical dependency services to support and promote improvement of the quality of life for the residents of Gallia, Jackson, and Meigs counties.
- **VISION:** To make a positive difference in the overall behavioral health of the communities we serve by focusing on core programs and services; engaging in thoughtful outreach to our community partners; and managing our resources effectively and efficiently.

Services for mental illness and substance abuse...

General Outpatient Services consist of diagnostic assessment, individual/family/group counseling, medications, and community support services.

Emergency Services include crisis intervention, pre-hospital screening, Crisisline, and crisis stabilization services.

Confidentiality is a priority. Your privacy will be protected!

How can I access services?

Services can be accessed by calling the clinic locations or by calling the **1-800-252-5554** Crisisline number. The phone admissions worker will ask you a few questions about your needs and will schedule an intake appointment.

What is an intake?

An intake has two components. Your first appointment is brief and involves completing admissions paperwork. Your second appointment will be longer, and you will meet with a clinician to complete an assessment. Then you and the clinician will decide the types of services and treatment you need.

Who provides services?

Services are provided by caring professionals including board certified psychiatrists, licensed psychologists, counselors, social workers, and other qualified staff.

What if I am not sure I need help?

If you are unsure if you need help, not sure what to expect, or would like more information call the Crisisline **1-800-252-5554** and the clinical assistant will be glad to talk to you and help you evaluate your options and answer any questions.

What exactly is Crisisline?

Crisisline is a 24 hour, seven day a week phone service which serves as a crisis intervention, information/referral, and suicide prevention line. Call Crisisline **1-800-252-5554** if you need help or information about services.

What is the cost?

Fees are determined by taking into consideration income and number of dependents. Health insurance policies may also cover the expense of services. Whatever the needs, we are dedicated to making quality services accessible and affordable. Our professional staff will assist you in accessing your insurance benefits, determining your possible eligibility for financial assistance, and answering any other questions related to paying for services.
